

# Critical Information Summary

## \$39.95 Monthly Plan

### Information about the service

<b>Description of the Service</b>	Calls made using the service are connected using an Internet connection rather than the copper phone lines of a Public Switched Telephone Network (PSTN) that a regular landline uses. This is called Voice over IP or VoIP. It allows 3 concurrent calls inbound or outbound to the public phone network via numbers hosted on the Milan Industries Network.
<b>Minimum Term</b>	6 Months
<b>Offer inclusions</b>	Up to 4 concurrent calls Voicemail 1 DID Number Online account management portal access CLID Over-stamping (Number presented on outbound calls)
<b>Offer Exclusions</b>	Priority Assistance (For people diagnosed with a life threatening medical condition)
<b>Important offer conditions</b>	This is a postpaid service. Credit limits are applied automatically to all accounts. You will continue to be billed for the service until you cancel the service with us.
<b>Important offer limitations</b>	This service will not work if there is an interruption to your internet connection. That includes dialing emergency numbers; 000.
<b>Important restrictions</b>	The following cannot be called from this service: <ol style="list-style-type: none"> <li>1. Australian Premium Rate Numbers (i.e. 190x)</li> <li>2. Some operator assisted numbers and special service numbers</li> <li>3. High risk International destinations</li> </ol> Any Included DIDs may not be exchanged/credited/substituted towards the cost of existing DIDs ported onto the service. The number of concurrent calls that you can use with this service is limited both by the service and by the device that you purchase from Milan Industries.
<b>Important qualifications</b>	To use the service you will need a high-speed internet access connection, a modem/router, a VoIP phone adaptor, soft-phone client or an IP Handset. You can either buy them from our online shop or choose the supply your own option.
<b>Important recommendations</b>	We do not recommend that this service be used with wireless internet connections or poor quality internet connections.
